HACKER GIRLS

SASHAKT STREE

MAKING EVERY WOMEN 'SASHAKT' IN THEIR OWN WAY

HACKER GIRLS

Project Idea | Sashakt Stree

Women have always been disadvantaged in terms of economic and social status and power, which in turn reduces their access to the necessities of life including health care.

Sashakt Stree means “Strong Woman”. Our mission is to educate, inspire, and empower rural woman. Our goal is to reach out to women in ever-more creative ways through technology and to make them “Sashakt” in their own ways!

HACKER GIRLS

VISION

Our mission is to Educate, Inspire, and Empower rural women.

To Educate

Education allows a woman to acquire more control over her life and participate in decision-making processes, allowing her to contribute socially and economically to the well-being of her family and community.

To Inform

Sashakt Stree promotes knowledge about development, care and protection of rural women and girls through cross-cutting policies and programmes, spreading awareness about their rights for enabling them to grow and develop to their full potential.

To Inspire

Our goal is to reach out to women in ever-more creative ways through technology. These inspirational women share something in common: they are all warriors and continue to inspire us in our own modern lives. It's why the following women deserve celebrating

HACKER GIRLS

Features

01

EDUCATION

Sit Idle No More. Go Get Education!

02

HACKER GIRLS

Future Scope Of the Project

We will be working on the backend which will store the data of users navigating to the site by asking for registration through firebase and make it a dynamic website.

The Project is in the developing stage, we're also working on an AI assistant bot using Microsoft Azure that will be incorporated into our website and help women find information about helplines, health-related remedial treatments, and women's safety, education, economic freedom policies and protection rights all in one place.
